WORK EXPERIENCE

Web Developer Intern

LueurTech Software Solution Pvt Ltd

📅 March 2022 – April 2022 📍 Remote

- Designed a **full-stack web application** using React, Node ,Express with team.
- I spearheaded a comprehensive, end-to-end website development project employing the **MERN** (MongoDB, Express, React, Node.js) stack, resulting in a remarkable **40%** enhancement in data accuracy.
- Conducted website **testing, debugging**, and assisted with deployment of websites and web applications.

HTML CSS JavaScript Node.js ReactJs ExpressJs

Teamwork

PROJECTS

Heart Disease Prediction –Repository Link

📅 August 2023 – September 2023

- Harnessed the power of **scikit-learn** and **pandas** to achieve an impressive **81%** predictive modeling **accuracy** through the process of data analysis.
- Created **responsive** web applications utilizing tech stack **HTML, CSS, JavaScript, and Python** for seamless user experiences.

Web Dev Showcases –Repository Link

📅 July 2023 – August 2023

- Proficient** in creating captivating landing pages using **animation libraries** and **modern web technologies** to boost user engagement and drive conversions.
- Committed to **responsive** web design, ensuring a seamless user experience across **devices** and **platforms**.

Chat Web Application –Repository Link

📅 May 2023 – June 2023

- Took charge of conceiving, developing, and sustaining a real-time **group chat** application, harnessing the capabilities of **React, Node.js**, and **web sockets**.
- Successfully** implemented features like **one-to-user left** notifications and **real-time message** received **notifications**, enhancing the overall functionality.
- The group chat allows an **unlimited** number of **users** to join, providing a truly **scalable** and **inclusive** communication platform.

EDUCATION

B.tech in Computer Science and Business Systems

School of Information Technology,RGPV

🎓CGPA: 8.3/10

📅 Jun 2020 – Jun 2024 📍 Bhopal, India

Higher Secondary (CBSE)

Vidyut Mandal Higher Secondary School

🎓Percentage: 74/100

📅 April 2019 – April 2020 📍 Birsingpur, India

ACHIEVEMENTS

Maintained good ranking among **20000+** coders in **CodingNinjas Codethon** organised by **NIT-Bhopal**
Under 1000 ranking in coding competition organised by NIT-Bhopal

Coding

C++

Achieved 4-star at **HackerRank in SQL**

This demonstrates a strong command of database querying and problem-solving in SQL.

Achieved May Leetcoding challenge badge

With my consistency in leetcode I am able to achieve first leetcode badge.

Algorithms

Consistency

C++

Achieved a **2.8-star** rating with a **ranking under 100,000**,

This shows my proficiency in algorithmic problem-solving and coding challenges.
